Notice

To follow the health care protocol

It has been noticed that many students are not maintaining the health safety rules and are not wearing face masks which is very alarming. We expect that all students will wear face masks during their stay at EWU. Besides, all students have been provided with two face masks each. Under this circumstance, all students are hereby instructed to follow the health care protocol prescribed by the government and also advised to follow the COVID-19 protocols for the health safety with particular attention to the following:

1. Wear a mask all the time on campus.
2. There is an arrangement for handwash at the entrance. Wash your hands before entering the university.
3. Maintain physical distance.
4. Read the guidelines posted in various places and follow them strictly.

It is further advisable that all should bring their own hand sanitizers, drinking water and home-made foods with them.
